Supplies Needed:

- Paper
- Paint
- 4-5 Leaves
- Paintbrush

Step 1: Organize your leaves on your paper.

Step 2: Tape leaves on your paper so they don't move around. Put the tape on the back of the leaf to get it to stick to the paper.

Step 3: Dip paintbrush in paint and paint all around the leaves and onto the white space of the paper.

Step 4: Peel the leaves off the picture. Careful not to move the paint around more. Decorate with crayons!
