## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Make-A-Wish Foundation® of Utah  
Murray, Utah

We have audited the accompanying financial statements of Make-A-Wish Foundation® of Utah, which comprise the statement of financial position as of August 31, 2019, and the related statements of activities, functional expenses, and cash flows for the year ended, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Make-A-Wish Foundation® of Utah as of August 31, 2019, and the change in its net assets and its cash flows for the year ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matter – Changes in Accounting Principles**

As discussed in Note 2 to the financial statements, the Make-A-Wish Foundation® of Utah adopted two new accounting principles during the year ended August 31, 2019: Accounting Standards Update (ASU) 2016-14, *Not-for-Profit Entities* (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities* and the elimination of the pending wish liability from the Foundation’s statement of financial position. Our opinion is not modified with respect to these matters.

**MAKE-A-WISH FOUNDATION<sup>®</sup> OF UTAH**  
**NOTES TO FINANCIAL STATEMENTS**  
**AUGUST 31, 2019**

**NOTE 1 ORGANIZATION**

Make-A-Wish Foundation<sup>®</sup> of Utah (the Foundation) is a Utah nonprofit corporation, organized for the purpose of creating life changing wishes for children with critical illnesses. The Foundation is an independently operating chapter of Make-A-Wish Foundation<sup>®</sup> of America (National Organization), which operates to develop and implement national programs in public relations and fundraising for the benefit of all local chapters. To be a Make-A-Wish chapter, the local chapter is obligated to comply with a chapter agreement with the National Organization and such guidelines, resolutions, and policies as may be adopted by the National Organization's board of directors.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**

The financial statements of the Foundation are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) applicable to nonprofit entities.

**Cash and Cash Equivalents**

The Foundation considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

**Investments**

Investments are recorded at fair value. Investment income, including gains and losses on investments, is recorded as increases or decreases in Net Assets Without Donor Restrictions unless its use is limited by donor-imposed restrictions or law.

**Contributions Receivable**

Contributions receivable are unconditional promises to give. Such promises that are expected to be collected within one year are recorded at expected net realizable value when the promise is received. Unconditional promises to give that are expected to be collected in future are recorded at the present value of estimated future cash flows. Contributions receivable are discounted using fair value rates and contributions are written off when deemed uncollectible.

**Restricted Cash**

Restricted cash refers to the unexpended portion of support received that has been restricted by the donor for a specific purpose. These restrictions are for program expenditures and operational support.

**MAKE-A-WISH FOUNDATION<sup>®</sup> OF UTAH**  
**NOTES TO FINANCIAL STATEMENTS**  
**AUGUST 31, 2019**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Property and Equipment, Net**

Property and equipment having a unit cost of greater than \$500 and a useful life of more than one year are capitalized at cost when purchased. Donated assets are capitalized at the estimated fair value at the date of receipt and restrictions are released once the asset has been placed into service. Property and equipment under capital leases are stated at the present value of future minimum lease payments at the time of acquisition. Depreciation on property and equipment is provided on a straight-line basis over the estimated useful lives of the assets, generally 3 to 5 years. The building is being depreciated over an estimated life of 40 years. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are expensed as incurred.

Long-lived assets, such as property and equipment, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances indicate a long-lived asset may be impaired, the asset value will be reduced to fair value. Fair value is determined through various valuation techniques including quoted market values and third-party independent appraisals, as considered necessary.

**Fair Value Measurements**

Fair value measurements of financial assets and financial liabilities and fair value measurements of nonfinancial items are recognized or disclosed at fair value in the financial statements on a recurring basis. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Foundation utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Foundation determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

*Level 1* – Unadjusted quoted prices in active markets for identical assets (or liabilities) that the reporting entity has the ability to access at the measurement date.

*Level 2* – Prices for a similar asset (or liability), other than quoted prices included in Level 1 inputs, that are observable for the asset (or liability), either directly or indirectly. If the asset (or liability) has a specified term, a Level 2 input must be observable for substantially the full term of the asset (or liability).

*Level 3* – Unobservable inputs for the asset (or liability) used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset (or liability) at measurement date.

**NOTES TO FINANCIAL STATEMENTS**  
**AUGUST 31, 2019**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Net Assets**

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

*Net Assets With Donor Restrictions* – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as restricted revenue when received and released from restrictions when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Contributions restricted by donors are reported as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as Net Assets Released from Restrictions.

**Revenue Recognition**

Unconditional promises to give are recognized initially at fair value as contributions revenue in the period such promises are made by donors. Fair value is estimated giving consideration to anticipated future cash receipts (after allowance is made for uncollectible contributions) and discounting such amounts at a risk-adjusted rate commensurate with the duration of the donor's payment plan. Amortization of the discounts is recorded as additional contributions revenue. Conditional promises are recorded as revenue once the conditions are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

**Revenue Recognition (Continued)**

The Foundation received in-kind contributions of assets, services, and materials that are reported in the statement of activities as follows:

	<u>Programs</u>	<u>Fundraising</u>	<u>Management and General</u>	<u>Total</u>
Program and Support Service Expenses:				
Wish Related	\$ 1,128,171	\$ -	\$ -	\$ 1,128,171

Inventory (Asset)				500
Total				<u>\$ 1,243,922</u>

Advertising and media is used to help the Foundation communicate its message or mission and includes fund raising materials, informational material, or advertising, and may be in the form of an audio or video tape of a public service announcement, a layout for a newspaper, media time or space for public service announcements, or other purposes.

Donated advertising and media is reported as contribution revenue and fundraising expense when received and the reporting of such contributions is unaffected by whether the Foundation could afford to purchase or would have purchased the assets at their fair value.

**Income Taxes**

The Foundation is a nonprofit organization exempt from federal income and Utah income taxes under the provisions of Internal Revenue Code Section 501(c)(3) and Section 59-7-102 of the Utah Code. However, the Foundation remains subject to income taxes on any net income that is derived from a trade or business, regularly carried on and not in furtherance of the purpose for which it was granted exemption. No income tax provision has been recorded as the net income, if any, from any unrelated trade or business, in the opinion of management, is not material to the financial statements taken as a whole.

Management believes that no uncertain tax positions exist for the Foundation at August 31, 2019. The Foundation files income tax returns in the U.S. federal jurisdiction, and applicable state jurisdictions.

**AUGUST 31, 2019**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Functional Expenses**

The Foundation performs three functions: wish granting, fundraising, and management and general. Definitions of these functions are as follows:

**Wish Granting**

Activities performed by the Foundation in granting wishes to children with critical illnesses.

**Fundraising**

Activities performed by the Foundation to generate funds and/or resources to support its programs and operations.

**Management and General**

All costs not identifiable with specific programs or fundraising activities, but indispensable to the conduct of such programs and activities and to the Foundation's existence, are included as management and general expenses. This includes expenses for the overall direction of the Foundation, business management, general recordkeeping, budgeting, financial reporting, and activities relating to these functions such as salaries, rent, supplies, equipment, and other expenses.

Expenses that benefit more than one function of the Foundation are allocated among the functions based generally on the amount of time spent by employees on each function.

**Management Estimates**

The preparation of financial statements in conformity with GAAP requires management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Change in Accounting Principle – Adoption of ASU 2016-14**

On August 18, 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-14, *Not-for-Profit Entities* (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Foundation has implemented ASU 2016-14 and has adjusted the presentation in these financial statements accordingly. The adoption of this standard did not impact the Foundation's net assets as of September 1, 2018.

**MAKE-A-WISH FOUNDATION<sup>®</sup> OF UTAH**  
**NOTES TO FINANCIAL STATEMENTS**  
**AUGUST 31, 2019**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Change in Accounting Principle – Pending Wish Liability**

Through the fiscal year ending August 31, 2018, the Foundation accrued for estimated costs of reportable pending wishes when five certain, measurable wish criteria were met. This accrual did not represent a legally binding liability but was considered a moral obligation to the child by the Foundation arising when the five criteria were met. Given the changes to the wish granting environment that have occurred in recent years, the Foundation determined that the calculation was no longer representative of the future obligations. The Foundation remains committed to its mission. Please see the commitment footnote for details about future wish granting obligations. As a result of this change in accounting principle, net assets without restriction as of September 1, 2018 have increased by \$1,350,568.

**NOTE 3 LIQUIDITY AND AVAILABILITY**

The Foundation monitors liquidity regularly through the monthly financial package provided to the board and through the enterprise-wide benchmarks of excellence. Holding 6 months to 24 months of liquidity is considered excellent based off the enterprise-wide published scale.

Total Financial Assets	\$	3,995,346
Donor Imposed Restrictions:		
Restricted Funds		(587,751)
Endowments		<u>(2,524,823)</u>
Financial Assets Available to Meet Cash Needs for General Expenditures Within One Year	\$	<u>882,772</u>

Our endowment funds consist of donor-restricted endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of the amounts available for general use. Donor-restricted endowment funds are not available for general expenditure.

Certain restricted funds in the amount of \$203,118 are donor restricted but available for use in time of rapid wish pipeline growth to ensure timeliness in granting wishes, as determined by the board.

**MAKE-A-WISH FOUNDATION<sup>®</sup> OF UTAH**  
**NOTES TO FINANCIAL STATEMENTS**  
**AUGUST 31, 2019**

**NOTE 4 FAIR VALUE MEASUREMENTS**

**Fair Value of Financial Instruments**

Fair value is defined as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair values of the financial instruments shown in the following table as of August 31, 2019 represent the amounts that would be received to sell those assets or that would be paid to transfer those liabilities in an orderly transaction between market participants at that date. Those fair value measurements maximize the use of observable inputs. However, in situations where there is little, if any, market activity for the asset or liability at the measurement date, the fair value measurement reflects the Foundation's own judgments about the assumptions that market participants would use in pricing the asset or liability. Those judgments are developed by the Foundation based on the best information available in the circumstances, including expected cash flows and appropriately risk-adjusted discount rates, and available observable and unobservable inputs.

**Investments**

**Overall Investment Objective**

The overall investment objective of the Foundation is to invest its assets in a prudent manner that will achieve a long-term rate of return sufficient to fund a portion of its annual operating activities and increase investment value after inflation. The Foundation diversifies its investments among various asset classes incorporating multiple strategies and managers. Major investment decisions are authorized by the board's finance committee, which oversees the Foundation's investment program in accordance with established guidelines.

**Allocation of Investment Strategies**

The Foundation maintains three separate investment categories of funds: operating funds, an intermediate fund primarily for building maintenance, wish flow management, and a wish endowment fund. The various components of each fund are predicated on the liquidity needs and reserves of the Foundation. The investment vehicles range from money market accounts, to fixed income securities, to equity investments, depending on the investment time horizons. The Foundation, by policy, does not invest in speculative instruments (e.g., junk bonds, distressed securities, unregistered or restricted stocks, security loans, and other high-risk instruments).

Total	<u>\$ 2,667,174</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,667,174</u>

**NOTE 5 CONTRIBUTIONS RECEIVABLE**

The Foundation's contributions receivable as of August 31, 2019 were \$384,632. All contributions receivable are due within the next 12 months. Management determined that all contributions receivable are fully collectible; therefore, no allowance for uncollectible accounts is considered necessary at August 31, 2019.

**NOTE 6 TRANSACTIONS WITH RELATED ENTITIES**

The Foundation received the following distributions from the National Organization for the year ended August 31, 2019:

Corporate, Online, Whitemail, and General Contributions	\$ 350,032
Gifts and Travel Reimbursements	270
Adopt-A-Wish	8,000
Other	25,641
Total Distributions Received	<u>\$ 383,943</u>

These amounts are recorded in the statement of activities as public support revenue.

The Foundation paid to the National Organization the following amounts for the year ended August 31, 2019:

Chapter Dues	\$ 136,582
Services and Other	3,823
Total Amounts Paid	<u>\$ 140,405</u>

**NOTE 6 TRANSACTIONS WITH RELATED ENTITIES (CONTINUED)**

Chapters who assist with the granting of wishes from other chapters are paid a “fee for service” called the wish assist fee. Under this program, the originating chapter agrees to pay a fee to the chapter of the wish destination to assist with any planning, booking, and facilitating of the wish for the home chapter. Under this program, the Foundation received \$3,350 for the year ended August 31, 2019, which is recorded in the accompanying statement of activities as other income.

Amounts due from and to related entities are as follows:

Balance at August 31, 2019:	
Due from National Organization	\$ 58,234
Due from Other Chapters	6,420
Total Due from Related Entities	<u>\$ 64,654</u>
Due to National Organization	\$ 23
Due to Other Chapters	4,800
Total Due to Related Entities	<u>\$ 4,823</u>

Amounts due from the National Organization represent contributions remitted to the National Organization that are identified for the Foundation’s use but were not yet transferred to the Foundation as of year-end. Amounts due from other chapters represent amounts paid in assisting other chapters with their wish granting. Amounts due to other chapters represent amounts owed to other chapters who have assisted in the granting of wishes for the Foundation. Amounts due to the National Organization generally represent unpaid chapter dues and services.

During 2019, the Foundation received contributions, both cash and in-kind, from board members totaling \$7,233.

**NOTE 7 PROPERTY AND EQUIPMENT, NET**

**NOTE 10 ENDOWMENTS**

The Foundation is subject to the enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) and is required to make disclosures about endowment funds, both donor-restricted endowment funds and board-designated endowment funds.

The Foundation's endowment consists of one fund established for wish granting purposes, utilizing donor-restricted endowment funds. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. Endowment assets are reflected as investments on the statement of financial position.

**Interpretation of Relevant Law**

The board of directors of the Foundation has interpreted the Utah UPMIFA as requiring preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as donor restricted net assets: (a) the original value of gifts donated to the donor-restricted endowment, (b) the original value of subsequent gifts to the donor-restricted endowment, and (c) accumulated earnings on the donor-restricted endowment funds. The accumulated earnings on the endowment funds remain treated as donor restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA

In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Foundation and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Foundation
7. The investment policies of the Foundation

Endowment fund composition by type of fund as of August 31, 2019 is as follows:

	Without Donor Restrictions	With Donor Restrictions	Total
Donor-Restricted Endowment Funds:			
Original Donor-Restricted Gift Amount and Amounts Required to be Maintained in Perpetuity by Donor	\$ -	\$ 2,328,025	\$ 2,328,025
Accumulated Investment Gains	-	196,798	196,798
	\$ -	\$ 2,524,823	\$ 2,524,823
Total Funds	\$ -	\$ 2,524,823	\$ 2,524,823

**NOTE 10 ENDOWMENTS (CONTINUED)**

Changes in endowment funds for the year ended August 31 are as follows:

	Without Donor Restrictions	With Donor Restrictions	Total
Endowment Funds - Beginning of Year	\$ -	\$ 89,264	\$ 89,264
Investment Return:			
Investment Income	-	70,209	70,209
Net Appreciation (Realized and Unrealized)	-	101,150	101,150
Total Investment Return	-	171,359	171,359
Contributions	-	2,264,200	2,264,200
Endowment Funds - End of Year	\$ -	\$ 2,524,823	\$ 2,524,823

**Fund Deficiencies**

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. There are no fund deficiencies as of August 31, 2019.

**Return Objectives and Risk Parameters**

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding programs supported by its endowment fund while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period. Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index while assuming a moderate level of investment risk. The Foundation expects its endowment funds, over time, to provide an average rate of return equal to or greater than the rate of inflation. Actual returns in any given year may vary from this amount.

**Strategies Employed for Achieving Objectives**

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent constraints.

**Spending Policy and How the Investment Objectives Relate to Spending Policy**

The Foundation has a policy of appropriating for distribution each year only that portion of the investment income accrued during the period that does not put the principal in jeopardy. In establishing this policy, the Foundation considered the long-term expected return on its endowment. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

**NOTE 11 RETIREMENT PLAN**

The Foundation has a defined contribution retirement plan (the Plan). Employees are eligible for participation in the Plan after the first \$5,000 earned. Under the provisions of the Plan, eligible employees may elect to defer a percentage of their salary subject to certain Internal Revenue Code limitations. The Foundation matches employee contributions up to 3% of the employee's salary. Foundation contributions to the Plan for the year ended August 31, 2019 were \$20,931.

**NOTE 12 CONCENTRATIONS OF CREDIT RISK**

Financial instruments that potentially subject the Foundation to concentration of credit risk consist principally of cash, cash equivalents, and investments. The Foundation places its cash and investments with high credit quality financial institutions and generally limits the amount of credit exposure not to exceed the FDIC insurance coverage limit of \$250,000. From time to time throughout the year, the Foundation's cash balances may exceed the amount of the FDIC insurance coverage.

In-kind contributions totaling \$655,542 were received from a single donor for the year ended August 31, 2019, which represents 11% of total public support. Should these contribution levels decrease, the Foundation may be adversely affected.

**NOTE 13 LITIGATION AND CLAIMS**

The Foundation is periodically involved in litigation and claims arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Foundation's financial position, change in net assets, or liquidity. Management is not aware of any potential litigation or claims against the Foundation.

**NOTE 14 COMMITMENTS**

The goal of the Foundation is to grant the wish of every eligible child. During the fiscal year ended August 31, 2019, the Foundation granted 230 wishes. As of the end of the year, there were approximately 250 wish children who are eligible for a wish. The average cost of a wish for the fiscal year was \$5,391 in cash and \$4,383 in in-kind for a total cost of \$9,774.

**NOTE 15 SUBSEQUENT EVENTS**

The Foundation has evaluated subsequent events from the statement of financial position date through November 22, 2019, the date at which the financial statements were available to be issued.
