

FALL FEST

October 28-31

PUMPKIN STAMP CRAFT

Visit this YouTube link for a video tutorial:

<https://www.youtube.com/watch?v=xXn6jsopTHk&feature=youtu.be>

Supplies Needed:

- Apples
- Paper plate
- Paper (thicker than average paper)
- Orange Paint
- Crayons
- Knife
- Chopping board

Step 1: Cut an apple in half. You only need one half of the apple for this craft.

Step 2: Empty paint onto paper plate.

Step 3: Either dunk apple (cut side down) in paint (this may give you too much paint on the apple). Or, use a paintbrush dipped in paint and paint the apple (on the cut side).

Step 4: Press painted apple onto paper. If you do not get the desired result, redo steps 3 and 4.

Step 5: Let pumpkin dry overnight if possible.

Step 6: When pumpkins are dry, draw faces on your pumpkins and decorate with crayons!
