FOUR WHEELS, ONE WISH

Matthew reunited with his new ride!

2

Mike Ray, owner of 4 Wheel Mike's autobody shop in Princeton, W.Va., has worked on many vehicles over the years, but none quite this special.

This project was unique, not because the truck was a rare or expensive model, but because of the driver behind the wheel—17-year-old Matthew, of Clay County, W.Va.

Matthew is diagnosed with Hodgkin lymphoma, and when asked what he wanted for his wish, he chose to have his '94 Chevy Silverado restored. Matthew's truck is his favorite thing he owns, and he couldn't wait to drive it to school when it was all fixed up.

But while Matthew was just expecting some minor repairs and a fresh coat of paint, Mike went above and beyond to make this transformation special.

"I said to myself, 'he deserves way more than just a paint job,'" Mike said. "He didn't want much. I just felt like he needed a lot more."

Mike not only decked out Matthew's truck with purple flames, but he also recovered the interiors and worked on the mechanics. When it came time for the big reveal, both Matthew and Mike were struck with emotion.

"It was absolutely priceless. Just seeing his initial reaction. It was worth everything right there," Mike said. "The big ol' hug that he gave me and the tears of joy... I can't explain how gratifying it was. You have to be the person giving to feel that."

Mike said that helping to grant Matthew's wish was one of the most incredible experiences of his life and urges others to do the same.

"It is one of the most gratifying feelings that you will ever have... to take someone who is down and just bring happiness to their life by going out of your way a little bit," Mike said.

And for Matthew, the truck is more important now than ever before. It has given him a newfound optimism that will help him through any bumpy road ahead. Because of 4 Wheel Mike's and Make-A-Wish, Matthew is excited to move beyond his illness and enjoy all the new adventures in his new ride.

MAKE IT *YOURS*

2018 NCAA Division II National Championship Festival Topgolf, Bridgeville, PA

Since 2003, NCAA Division II has raised more than \$5.8 million for Make-A-Wish—granting more than 700 wishes for children battling critical illnesses around the country. Take a look at these NCAA Division II events that helped make these local wishes happen!

On November 27, 2018, the NCAA Division II National Championship Festival took place at Topgolf in Bridgeville, PA. Wish families, friends, schools and volunteers enjoyed an evening of golf, fun and wishes. During the event, 15-year-old wish kid Breanna was welcomed onto the field with her doctor, Kurt Weiss, who is also a former wish kid, to talk about their experiences with Make-A-Wish. Breanna was then surprised when fireworks went off on the field, and a large banner appeared that revealed her wish to go on a cruise would be granted. Students from the Wingate University Volleyball Team also surprised Breanna with brand new luggage and beach gear for her wish trip.

Gannon University Make-A-Wish® Night Gannon University, Erie, PA

On February 9, 2019, 13-year-old wish kid Gabby was revealed her wish via Facebook Live during halftime at the Gannon University men's basketball game. Traditional Polynesian dancers greeted Gabby and her family on the basketball court and students surrounded them holding leis, beach towels and all types of gifts for her wish trip. Because Gabby was in the hospital, her twin sister, Angelina, accepted gifts from the team members on her sister's behalf. This summer, Gabby and her family will be sent on a tropical vacation. Mercyhurst University NCAA Division II Event Mercyhurst University, Erie, PA

On February 20, 2019, eight-year-old wish kid Anna and 15-year-old wish kid Conor attended Mercyhurst University's NCAA Division II event. During the event, both Anna and Conor met the men's and women's basketball teams, shot some hoops and learned a few pointers from the players. Later that evening, Anna and Conor were both featured as team members at the game. Anna's wish was to go to LEGOLAND® to go to "driving school", and Conor's wish was to meet his favorite late-night host. Photo Credit: Haleigh Giebel, Mercyhurst University

Edinboro University Wish Reveal Night Edinboro University, Edinboro, PA

Once again, students, staff and faculty gathered at McComb Fieldhouse on February 23, 2019, to celebrate an evening of wishes and basketball. This year, 16-year-old Kendall was ushered onto the basketball court during halftime for a special surprise. Students presented the family with gifts and handmade signs revealing that Kendall's wish to go on a tropical getaway would soon be granted. Kendall's wish is the sixth reveal that has been hosted by the Edinboro University's Student Athletic Advisory Committee Members.
