

## *I wish to go to a vacation home by the beach*

**Jocelyn, 11**  
**lymphoma**

Jocelyn was diagnosed with lymphoblastic lymphoma in July of 2018. Prior, she was an active and healthy child who loved Hip Hop and karate class. When Jocelyn started to experience difficulty breathing, her family thought it was over exertion in sports, or symptoms of allergies. One night, Jocelyn ran a high fever and had unbearable pain which prompted her mother to rush her to the ER. Doctors completed an MRI which showed a large mass located above her heart.

Jocelyn enjoys a wide variety of things and will never pass up an opportunity to try something new! She loves pizza, mint chip ice cream, rocky road ice cream, and spicy fries. These culinary delights are best enjoyed in the company of her family during a picnic! She enjoys reading, making slime, watching scary movies, and singing karaoke. Her creativity shines most during her favorite class in school, art.

Jocelyn's wish combines most of her everyday favorite things! She hopes to lay by the beach and spend some special time at a vacation home, where she may even paint some of the pretty sights she sees at the beach. Growing up, Jocelyn and her dad loved to spend time at the beach together. She hopes to recreate these memories with her whole family, since no trip would be complete without them! And as everyone knows, ice cream always tastes better during a picnic at the beach!
