Aloha, Jingle Rock Riders!

Mahalo for joining us as we celebrate the holiday season and the life-changing power of a wish. As you know, Jingle Rock Ride is a new spin on our annual family-friendly, holiday event, Jingle Rock Run. And while this year's event looks a little different, its purpose is the same: raising much-needed support to make life-changing wishes come true for keiki in Hawaii fighting critical illnesses.

This year, more than ever, your support reminds our keiki that there is life beyond illness and hope for brighter days ahead. With 132 children across our islands waiting for their wishes to come true, every dollar raised from your participation and fundraising efforts makes a huge difference in changing their lives, one wish at a time.

Mahalo nui loa, and wishing you all a magical holiday season!

Chazlyn's wish to go to Walt Disney World was granted last year after a surprise snowy wish reveal! While travel wishes like Chazlyn's are currently postponed, magical wish moments like these are still taking place every day across our islands.

JINGLE ROCK RIDE

Did You Know? Fun Facts for the Road!

A white Christmas can happen in Hawaii, but you might miss it, since it'd be at the top of Mauna Loa, Mauna Kea and Haleakala!

Santa Claus, known as Kanakaloka in Hawaiian, doesn't visit keiki on his sleigh. He paddles in on a red outrigger canoe pulled by dolphins and wearing a lei!

The first recorded Christmas in Hawaii was in 1786, but King Kamehameha IV and Queen Emma officially celebrated the holiday in 1856.
