

*I wish to have a
backyard playset*

Oliver, 5
brain tumor

Wish Guidebook

Here at Make-A-Wish[®], our goal is to grant a heartfelt wish that replaces fear with confidence, sadness with joy, and anxiety with hope. Please consider us as **partners** in exploring your child's interests, passions, and dreams to help bring their wish into focus. Working together, we can create a magical experience for your child.

COVID-19 has impacted our ability to grant certain wish types. We are unable to grant wishes involving international travel or cruises for the foreseeable future. However, there are still **many possibilities** to explore.

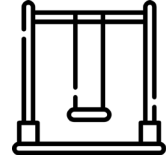

This guidebook is intended as a brainstorming tool to help your child choose a wish that can safely be granted within our current environment. We hope it inspires your child to explore their imagination!

I Wish to Have
