## 2,000+ WISH KIDS WAITING

The global pandemic has led to a record number of children patiently waiting for the day their wishes can come true. With the availability of the COVID vaccine for more children, Make-A-Wish OKI is resuming granting wishes at an unprecedented pace.

## 7.2M TO SHINE A LIGHT OF HOPE

Every year, 1,000 children start their wish journey with us. It will take an additional \$7.2M over the next three years, above our annual giving, to meet the need and reduce the number of children waiting for a wish to 1,400.

## 3 YEARS TO REACH THE STARS

At the end of FY25, our goal is to raise \$20M and grant 1,200 wishes annually, bringing us closer to achieving our vision of granting the wish of every eligible child. Because every child deserves a childhood and our mission gives a piece of it back.

THIS PRESTIGIOUS GROUP IS CO-FOUNDED BY:

### Kara Trott, *Make-A-Wish OKI Governing Board Vice-Chair*

*"My mission is to help people live their best lives. Granting wishes gives kids a powerful boost to get through their challenging journeys in order to get to their best lives."*

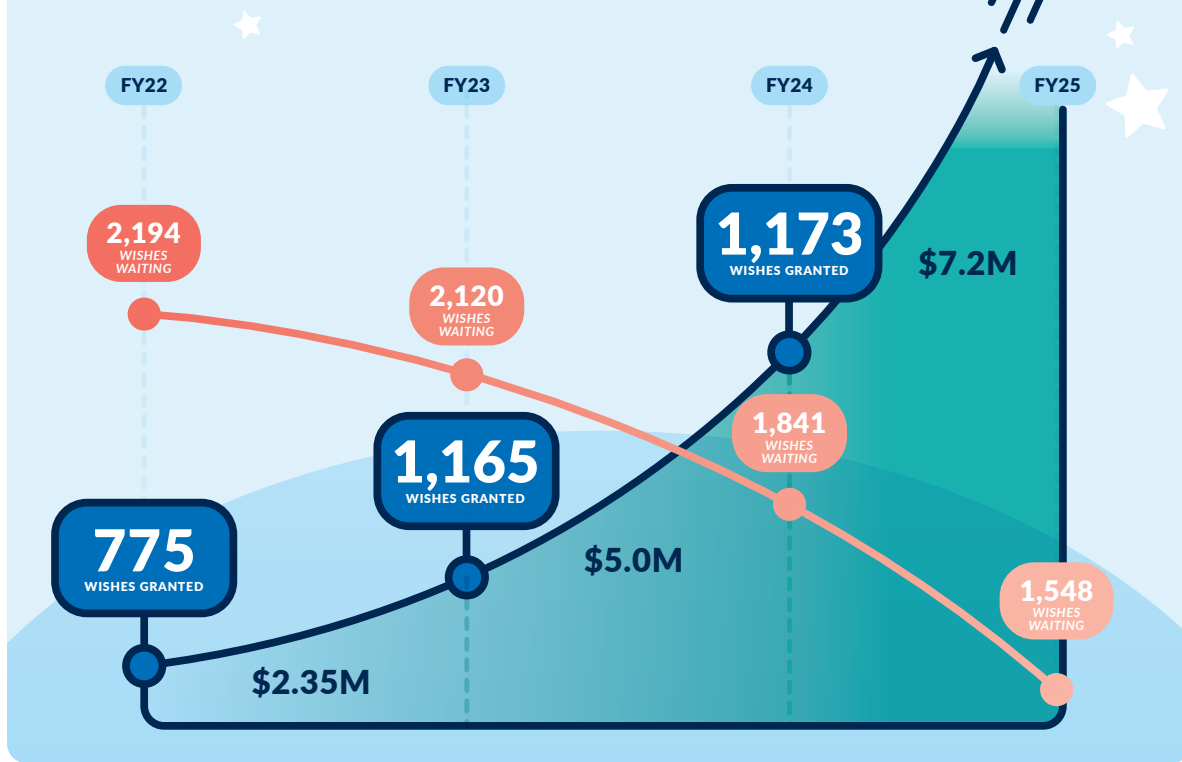

Kara Trott is the founder and Board Chair of Quantum Health, Inc., in Columbus, Ohio. She has been honored with numerous business awards during her career and is a respected member of six different boards in her community.
