RISING STAR WISH GUIDE

DEAR RISING STAR,

Congratulations! You are going to have a wish granted that is just for you!

We have created a special Wish Game to help you consider all the things that make you happy and what you like to do for fun because those things make for perfect wishes! Use this game and your imagination to create your own unique wish!

Below are some tips to help you get started:

- Play the game with your family a few times this week. Your answers may change but might have a common theme.
- Bring your wish guide to your doctor's appointments. You can play while you are waiting and think of all the good things you can do with your wish!
- Play the game when you are relaxed, like after a bath or before bed.
- Look at all the different wish categories, especially the ones listed under your favorite activities.

Your wish granters will meet you soon! They want to learn all your wish ideas and will ask you questions about your favorite two or three ideas. Write your wish ideas down, draw them out, or share them in a video! Your volunteer wish granters will collect your wish ideas and send them to Make-A-Wish staff who will help plan your wish. Each wish goes through an approval process* so it might take some time to create your perfect wish!

A wish is filled with fun and excitement, and we are here to help! Happy Wishing!

From,
Your Friends at Make-A-Wish Northeastern
& Central California and Northern Nevada

*I wish to have
a puppy*

**Each wish idea goes through an approval process based on many factors such as safety, medical approval and age appropriateness. Your Make-A-Wish team will inform you of the approval process and next steps.*
