INDEPENDENT AUDITORS' REPORT

Board of Directors
Make-A-Wish Foundation® of Greater Pennsylvania & West Virginia
Pittsburgh, Pennsylvania

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Make-A-Wish Foundation® of Greater Pennsylvania & West Virginia (a nonprofit organization), which comprise the statements of financial position as of August 31, 2025 and 2024, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Make-A-Wish Foundation® of Greater Pennsylvania & West Virginia as of August 31, 2025 and 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Make-A-Wish Foundation® of Greater Pennsylvania & West Virginia and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Make-A-Wish Foundation® of Greater Pennsylvania & West Virginia's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Make-A-Wish Foundation® of Greater Pennsylvania & West Virginia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Make-A-Wish Foundation® of Greater Pennsylvania & West Virginia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

MAKE-A-WISH FOUNDATION® OF GREATER PENNSYLVANIA & WEST VIRGINIA
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2025 AND 2024

NOTE 1 ORGANIZATION

Make-A-Wish Foundation® of Greater Pennsylvania & West Virginia (the Foundation) is a Pennsylvania nonprofit corporation, organized for the purpose of creating life-changing wishes for children with critical illnesses. The Foundation is an independently operating chapter of the Make-A-Wish Foundation® of America (National Organization), which develops and implements national programs in public relations and fundraising for the benefit of all local chapters. To be a Make-A-Wish® chapter, the local chapter is obligated to comply with a chapter agreement with the National Organization and such guidelines, resolutions and policies as may be adopted by the National Organization's board of directors.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Foundation are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) applicable to nonprofit entities.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Investments

Investments are recorded at fair value. Investment income, including gains and losses on investments, is recorded as increases or decreases in net assets without donor restrictions unless its use is limited by donor-imposed restrictions or law.

The Foundation's investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that those changes in the values of investments will occur in the near term and that such changes could be material to the amounts reported in the statements of financial position.

Contributions Receivable

Contributions receivable are unconditional promises to give. Such promises that are expected to be collected within one year are recorded at expected net realizable value when the promise is received. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. Contributions receivable are discounted using fair value rates and contributions are written off when deemed uncollectible.

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2025 AND 2024

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leases

The Foundation determines if an arrangement is a lease at inception. Operating leases are included in right-of-use (ROU) assets – operating and lease liability – operating, and finance leases are included in ROU assets – financing and lease liability – financing in the statements of financial position.

ROU assets represent the Foundation's right to use an underlying asset for the lease term and lease liabilities represent the Foundation's obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. Lease terms may include options to extend or terminate the lease when it is reasonably certain that the Foundation will exercise that option. Lease expense for operating lease payments is recognized on a straight-line basis over the lease terms. The Foundation has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or right-of-use assets on the statements of financial position.

The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, the Foundation has elected to use a risk-free discount rate determined using a period comparable with that of the lease term for computing the present value of lease liabilities.

The Foundation has elected not to separate nonlease components from lease components and instead accounts for each separate lease component and the nonlease component as a single lease component.

Property and Equipment, Net

Property and equipment having a unit cost of greater than \$2,500 and a useful life of more than one year are capitalized at cost when purchased. Donated assets are capitalized at the estimated fair value at the date of receipt and restrictions are released once the asset has been placed into service. Depreciation on property and equipment is provided on a straight-line basis over the estimated useful lives of the assets, generally three to seven years. Leasehold improvements are amortized over the shorter of the estimated useful life of the asset or the remaining terms of the leases. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are expensed as incurred.

Long-lived assets, such as property and equipment, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If circumstances indicate a long-lived asset may be impaired, the asset value will be reduced to fair value. Fair value is determined through various valuation techniques including quoted market values and third-party independent appraisals, as considered necessary.

MAKE-A-WISH FOUNDATION® OF GREATER PENNSYLVANIA & WEST VIRGINIA
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2025 AND 2024

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

Fair value measurements of financial assets and financial liabilities and fair value measurements of nonfinancial items are recognized or disclosed at fair value in the financial statements on a recurring basis. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Foundation utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Foundation determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

Level 1 – Unadjusted quoted prices in active markets for identical assets (or liabilities) that the reporting entity has the ability to access at the measurement date.

Level 2 – Prices for a similar asset (or liability), other than quoted prices included in Level 1 inputs, that are observable for the asset (or liability), either directly or indirectly. If the asset (or liability) has a specified term, a Level 2 input must be observable for substantially the full term of the asset (or liability).

Level 3 – Unobservable inputs for the asset (or liability) used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset (or liability) at measurement date.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, an operating reserve and a board-designated endowment.

MAKE-A-WISH FOUNDATION® OF GREATER PENNSYLVANIA & WEST VIRGINIA
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2025 AND 2024

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets (Continued)

Net Assets With Donor Restrictions – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as restricted revenue when received and released from restriction when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Contributions restricted by donors are reported as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as Net Assets Released from Restrictions.

Revenue Recognition

Revenue is recognized on the accrual basis and generally consists of contributions, special event revenue, in-kinds and other income.

An internal special event is a fundraising event coordinated and staffed by Foundation personnel rather than a third-party support group or organization. It is designed to attract people for the purpose of raising mission awareness, for increasing funding from existing donors, and the cultivation of future donors.

Special event revenue consists of registrations, sponsorships and other contributions. The portion that is considered to be exchange revenue is recognized as revenue when the performance obligations are met which is the occurrence of the event.

The Foundation receives auction items to be sold at its special events. Contributed auction items are valued at the gross selling price received and the value is included in internal special event revenue on the statement of activities. The amount of auction items received and sold during the years ended August 31, 2025 and 2024 totaled \$67,386 and \$40,264, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

Unconditional promises to give are recognized initially at fair value as contributions revenue in the period such promises are made by donors. Fair value is estimated giving consideration to anticipated future cash receipts (after allowance is made for uncollectible contributions) and discounting such amounts at a risk-adjusted rate commensurate with the duration of the donor's payment plan. Amortization of the discounts is recorded as additional contributions revenue.

Conditional promises to give are not recognized as contribution revenue and receivables until the conditions have been substantially met.

Contributions of assets other than cash are recorded at their estimated fair value. Contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

Contributions: Donated Goods and Services

The Foundation received in-kind contributions of assets, services, and materials that are reported in the statements of activities as follows:

	2025	2024
Wish Related Travel, Goods, and Services	\$ 2,666,803	\$ 2,683,871
Professional Services	5,077	14,886
Advertising and Media	-	189,348
Special Events	34,081	84,253
Other	6,705	26,715
Total Contributed Nonfinancial Assets and Services	<u>\$ 2,712,666</u>	<u>\$ 2,999,073</u>

Wish related travel, goods and other services are used in the wish granting program. The Foundation estimates the fair value of wish related travel, goods, and services on the basis of estimates of the current market rates for similar travel, goods and other services in the Foundation's market.

Professional services relate to donated legal services used for support services, and are valued and reported at the estimated fair value based on current rates for similar services.

Donated advertising and media is reported at the estimated fair value as provided by the donor based on rates charged for similar advertising or media. Advertising and media is used for both program and supporting services. Advertising and media is used to help the Foundation communicate its message or mission and includes fund raising materials, informational material, or advertising, and may be in the form of an audio or video tape of a public service announcement, a layout for a newspaper, media time or space for public service announcements, or other purposes.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions: Donated Goods and Services (Continued)

Special event donated items are donated items recorded at fair value that are used in facilitating the event. Examples of such donated items are generally food, beverage, facility costs, and auction items. The Foundation estimates the fair value of these donated items based on the current market rates for similar items in the Foundation's market.

In-kind contributions related to wish granting are restricted to be used in granting wishes. In-kind contributions related to special events are restricted for use at those events. No other in-kind contributions were received with donor restrictions.

Income Taxes

The Foundation is a nonprofit organization exempt from federal income and Commonwealth of Pennsylvania and the State of West Virginia income taxes under the provisions of Internal Revenue Code (IRC) Section 501(c)(3) and Section 509(a)(1), Pennsylvania Department of Revenue regulations and West Virginia Department of Revenue Taxation Code §11-24-5. However, the Foundation remains subject to income taxes on any net income that is derived from a trade or business, regularly carried on and not in furtherance of the purpose for which it was granted exemption. No income tax provision has been recorded as the net income, if any, from any unrelated trade or business, in the opinion of management, is not material to the financial statements taken as a whole.

Management believes that no uncertain tax positions exist for the Foundation at August 31, 2025 and 2024. The Foundation files income tax returns in the U.S. federal jurisdiction, and applicable state jurisdictions.

Functional Expenses

The Foundation performs three functions: wish granting, fundraising, and management and general. Definitions of these functions are as follows:

Wish Granting

Activities performed by the Foundation in granting wishes to children with critical illnesses.

Fundraising

Activities performed by the Foundation to generate funds and/or resources to support its programs and operations.

Management and General

All costs not identifiable with a specific programs or fundraising activities, but indispensable to the conduct of such programs and activities and to the Foundation's existence, are included as management and general expenses. This includes expenses for the overall direction of the Foundation, business management, general recordkeeping, budgeting, financial reporting, and activities relating to these functions such as salaries, rent, supplies, equipment, and other expenses.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Expenses (Continued)

Expenses that benefit more than one function of the Foundation are allocated among the functions based generally on the amount of time spent by employees on each function.

Management Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 LIQUIDITY AND AVAILABILITY

The Foundation monitors liquidity regularly through the monthly financial package provided to the board and through the enterprise-wide Benchmarks of Excellence. Holding 6 to 24 months of liquidity is considered excellent based off the enterprise-wide published scale.

Financial Assets Available to Meet Cash Needs for General Expenditures Within One Year	<u>\$ 6,084,185</u>	<u>\$ 5,985,197</u>

Financial Assets include cash and cash equivalents, investments, due from related entities, contributions receivable, and investments held for long-term purposes. For purposes of analyzing resources available to meet general expenditures over one year, the Foundation considers all expenditures related to its ongoing program activities, as well as the functions in support of those activities, to be general expenditures.

The Foundation's restricted funds consist of specific future travel reservations for wish children and wish funding from donors that have restrictions including, but not limited to, wish location, wish type or type of diagnosis. The Foundation's endowment funds consist of donor-restricted endowments and funds designated by the board as endowment. Donor-restricted and endowment funds are not available for general expenditure.

NOTE 3 LIQUIDITY AND AVAILABILITY (CONTINUED)

The board-designated endowment of \$1,668,793 and \$1,599,710 as of August 31, 2025 and 2024, respectively, is subject to an annual spending rate of up to 4%. Although the Foundation does not intend to spend from this board-designated endowment other than amounts appropriate for general expenditure as part of the board's annual budget approval and appropriation, this amount could be made available if necessary. Income from donor-restricted endowments is restricted for program expenses and is expended on a current year basis based on board approval and in line with the spending policy. See further information on the spending policy in Note 11.

As part of the Foundation's liquidity management plan, cash in excess of daily requirements is invested in money market funds. If the need arises, investment reserves without donor restrictions could also be utilized for general expenditures, with the approval of the board. In addition to financial assets available to meet general expenditures within one year, the Foundation operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources.

NOTE 4 FAIR VALUE MEASUREMENTS

Fair Value of Financial Instruments

Fair value is defined as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair values of the financial instruments shown in the following table as of August 31, 2025 and 2024 represent the amounts that would be received to sell those assets or that would be paid to transfer those liabilities in an orderly transaction between market participants at that date. Those fair value measurements maximize the use of observable inputs. However, in situations where there is little, if any, market activity for the asset or liability at the measurement date, the fair value measurement reflects the Foundation's own judgments about the assumptions that market participants would use in pricing the asset or liability. Those judgments are developed by the Foundation based on the best information available in the circumstances, including expected cash flows and appropriately risk-adjusted discount rates, and available observable and unobservable inputs.

Investments

Overall Investment Objective

The overall investment objective of the Foundation is to invest its assets in a prudent manner that will achieve a long-term rate of return sufficient to fund a portion of its annual operating activities and increase investment value after inflation. The Foundation diversifies its investments among various asset classes incorporating multiple strategies and managers. Major investment decisions are authorized by the board's audit and finance committee, which oversees the Foundation's investment program in accordance with established guidelines.

NOTE 5 CONTRIBUTIONS RECEIVABLE

The Foundation's contributions receivable as of August 31, 2025 and 2024 were \$1,147,297 and \$1,070,111 respectively, which are due from ten and seven donors, respectively. All contributions receivable are due within the next twelve months. Management determined all contributions receivable for the year ended August 31, 2025 were fully collectible, therefore, no allowance for doubtful accounts was considered necessary.

NOTE 6 SPLIT-INTEREST AGREEMENTS

The Foundation is the beneficiary of the income from trusts held in perpetuity by an independent trustee. The Foundation has an irrevocable right to receive the income earned on the trust assets but will never receive the invested asset value of the trust. The income distributed to the Foundation shall be used per the trust agreement as restricted purposes or operating expenses. Accordingly, contribution revenue with donor restrictions and the related assets are recognized at fair value in the period in which the Foundation received notice that the agreements convey unconditional rights to receive benefits. Subsequent changes in value of the underlying assets are recorded in the accompanying statement of activities as the change in value of split-interest agreements.

The Foundation's beneficial interest under split-interest agreements totaled \$2,470,322 and \$2,362,735, as of August 31, 2025 and 2024, respectively.

NOTE 7 TRANSACTIONS WITH RELATED ENTITIES

The National Organization conducts national fundraising efforts for which cash and in-kind donations are received and shared with the Foundation. These funds represent revenues associated with: distributions from national partners, individual donation amounts collected via online and white mail donations, amounts for internal grants and other miscellaneous revenues. During the years ended August 31, 2025 and 2024, respectively, the Foundation received \$1,064,312 and \$961,737 from these national revenue streams.

Conversely, the Foundation pays amounts to the National Organization for chapter dues, insurance and other miscellaneous ancillary expenses that the National Organization pays on behalf of the Foundation and for services provided by the National Organization. Amount totaling \$655,016 and \$663,426 were paid from the Foundation to the National Organization during the years ended August 31, 2025 and 2024, respectively.

Chapters with capacity can grant wishes for peer chapters who are facing limitations to meet their local wish granting demand. These chapters providing the wish relief are paid an amount equivalent to the average cost of a wish. Under this program, the Foundation received \$84,000 and \$144,000 during the years ended August 31, 2025 and 2024, respectively, to facilitate the granting of wishes for other chapters.

Amounts due from the National Organization represent contributions remitted to the National Organization that are identified for the Foundation's use but were not yet transferred to the Foundation as of year-end. Amounts due from other chapters represent amounts paid in assisting other chapters with their wish granting. Amounts due to other chapters represent amounts owed to other chapters who have assisted in the granting of wishes for the Foundation. Amounts due to the National Organization generally represent unpaid chapter dues and services.

During the years ended August 31, 2025 and 2024 the Foundation received contributions, both cash and in-kind, from board members totaling \$292,452 and \$442,168, respectively.

NOTE 11 ENDOWMENTS

The Foundation is subject to the enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) and is required to make disclosures about endowment funds, both donor-restricted endowment funds and board-designated endowment funds.

The Foundation's endowment consists of 12 individual funds established for a variety of purposes including both donor-restricted endowment funds and funds designated by the board of directors to function as endowments. Net assets associated with endowment funds, including funds designated by the board of directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. Endowment assets, both donor-restricted and board-designated, are reflected as investments held for long-term purposes on the statements of financial position.

Interpretation of Relevant Law

The Commonwealth of Pennsylvania has not enacted a version of UPMIFA or a version of the predecessor Uniform Management of Institutional Funds Act (UMIFA). Governing law resides in 15 Pa. C.S. §5548, Investment of Trust Funds. The Foundation has interpreted relevant law as requiring the preservation of the fair value of the original gift as of the gift date of the donor restricted endowment fund absent explicit donor stipulations to the contrary.

Pennsylvania law permits, but does not require, the board of directors to make an election to annually appropriate for expenditure a selected percentage between 2% and 7% of the fair value of the assets related to donor-restricted endowment funds averaged over a period of three or more preceding years, provided the board of directors has determined that such percentage is consistent with the long-term preservation of the real value of such assets. The Foundation has not made this election; therefore, under Pennsylvania law, it may only spend true interest and dividend income related to permanent endowments. The Foundation, therefore, classifies as net assets with donor restriction (a) the original value of gifts donated to the permanent endowment; (b) the original value of subsequent gifts to the permanent endowment; and (c) returns on permanent endowment other than interest and dividend income.

Interest and dividend income on permanent endowments are generally recorded as revenue without donor restriction unless there is a purpose restriction on the use of the income that is not satisfied in the year the income is earned.

Fund Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. There are no fund deficiencies as of August 31, 2025 and 2024.

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding programs supported by its endowment funds while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. Under this policy, as approved by the board of directors, the investment objective for the endowment assets is to achieve a reasonable rate of return within acceptable risk constraints. The detailed allocations among asset categories will follow a weighting of 35% equity and 65% fixed income and will be benchmarked against selected indices. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent constraints.

NOTE 11 ENDOWMENTS (CONTINUED)

Spending Policy and How the Investment Objectives Relate to Spending Policy

Under Pennsylvania law, the Foundation has not elected a spending policy and instead expends interest and dividend income earned on a current year basis for donor-restricted endowment funds. The Foundation's policy regarding board-designated endowment is that it is permitted, but not required, to spend up to 4% of board-designated endowment balances each year.

In establishing these policies, the Foundation considered their impact on both the real growth of the endowment through new gifts and investment return and annual expendable endowment income.

NOTE 12 RETIREMENT PLAN

The Foundation has a defined contribution retirement plan (the Plan). Full-time employees are eligible for participation in the Plan after reaching 21 years of age and upon completion of three months of service measured from date of hire. Under the provisions of the Plan, eligible employees may elect to defer a percentage of their salary subject to certain IRC limitations. The Foundation matches employee contributions up to 4% of the employee's salary. An additional 1% may be matched at the discretion of the Foundation board. Foundation contributions to the Plan for the years ended August 31, 2025 and 2024 were \$144,682 and \$111,423, respectively.

NOTE 13 CONCENTRATIONS

Financial instruments that potentially subject the Foundation to concentration of credit risk consist principally of cash, cash equivalents, and investments. Deposits at each financial institution are insured in limited amounts by the Federal Deposit Insurance Corporation. The Foundation's cash and investments were placed with high credit quality financial institutions, and accordingly, the Foundation does not expect to experience nonperformance.

NOTE 14 LITIGATION AND CLAIMS

The Foundation is periodically involved in litigation and claims arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Foundation's financial position, change in net assets, or liquidity.
