Lonsdale

Dear Wish Friends,

Thank you for your incredible partnership with Make-A-Wish® Minnesota in 2024! Together, we granted 257 life-changing wishes—an increase of 26 wishes from the prior year—for children across the state facing critical illnesses.

Wishes were made possible for children like Boe, 14, from Faribault, who wished to have his own reptile zoo; Spencer, 4, from Maple Grove, who wished to have a hot tub; Sylvia, 16, from Burnsville, who wished to meet the Minnesota Vikings; and Jeshua, 10, from Columbia Heights, who wished to go to the Walt Disney World® Resorts. Each one of these 257 wishes provides the wish child and their family with something to look forward to, time together as a family, along with the necessary hope and joy needed to keep fighting their critical illness.

Making these wishes possible takes a dedicated community of WishMakers—volunteers, medical professionals, generous donors, and talented staff—who give their time, talents, and financial or in-kind support. However you contributed this past year, please know that your generosity made a difference. On behalf of Make-A-Wish Minnesota and its Board of Directors, we extend our deepest gratitude.

While we celebrated many wishes in 2024, the reality is that more children in Minnesota are waiting for their wishes to be granted. A wish is more than just a special experience—it is an essential part of a child’s medical journey, helping them fight and, in many cases, even overcome their condition. To reach every eligible child, we must continue to grow our network of supporters and volunteers. As a local charity, every dollar raised and every hour volunteered directly benefits Minnesota families.

Thank you for being a WishMaker! In a world where so much of the news can feel heavy, you are part of something truly uplifting—bringing light, joy, and hope to children and their families. Your generosity creates a ripple effect that extends far beyond the wish itself.

We are profoundly grateful for your support in making wishes come true. Let’s continue spreading hope and joy in 2025!

With appreciation,

Derek Nicoll  
Board Chair

# Together,

*we create life-changing wishes for children with critical illnesses.*

---

Make-A-Wish Minnesota is a local chapter of a national organization that grants wishes for children battling critical illnesses throughout the entire state. Since the chapter began in 1982, with the help of generous donors, a network of 584 volunteers and a dedicated 21 mission-driven staff, Make-A-Wish Minnesota has granted more than 6,800 life-changing wishes. Children with a life-threatening medical condition who have reached the age of 2½ and are younger than 18 at the time of referral are potentially eligible for a wish.

*"Wishes provide children and their families something to look forward to, a distraction from the every day toll of maintaining their health and battling their illnesses.*

*Wishes allow patients and families to talk about and think about something other than disease and all the things they cannot do. They allow them to revel in the things they can do. They can create memories that bring a smile when smiles are hard to come by. A wish is more than the actual event. It is the planning, the event, and the lasting memories."*

**Dr. Michael Shreve**  
Medical Advisor, Make-A-Wish Minnesota  
Pediatric Pulmonology  
Children's Respiratory and Critical Care Specialists, P.A.

*“We just can’t underestimate the power of hope, the power of positivity, in the treatment of children and their families.”*

**Dr. Jen Pratt, DO**  
Medical Advisor, Make-A-Wish Minnesota  
Pediatric Hospitalist, Children’s Minnesota  
Wish Alum

## IMPACT

In 2010, Make-A-Wish led a study that defined for the first time the impact of wishes on the children and families that are part of the wish journey. This research provided quantitative measures of the breadth and depth of the impact of the Make-A-Wish mission – previously supported by anecdotal knowledge and assumptions – that wish impact is not limited to the immediate emotional effects on wish children. Rather, Make-A-Wish broadly enhances the quality of life for children and their families by promoting resilience and increasing well-being.

In 2022, this research has been expanded to include a much larger population of Make-A-Wish children and parents, in addition to medical professionals. Over a decade later, a large majority of Make-A-Wish alumni, parents, and medical providers overwhelmingly agree that the wish experience contributes substantially to physical, mental, and emotional health; and was a necessary part of the medical treatment journey, improved the odds of survival, provided a support system and better health outcomes, and gave the child a better chance of recovering from their critical illness.

**99%**

**of wish alumni**

said their wish made them feel more joyful

**91%**

**of wish parents**

believe the wish experience gave their child a better chance of surviving their critical illness

**98%**

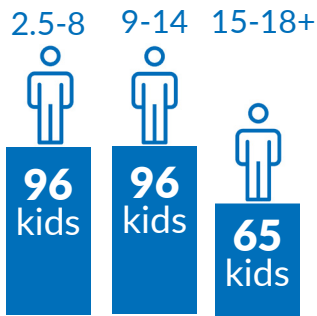

**of medical providers**

said the wish experience has a positive impact on a child’s physical well-being

*“Something changed in Sylvia after her wish was granted. She finally had a surprise that was good following a year and a half of bad ones. We are so, so grateful to Make-A-Wish Minnesota.” - Jackie, Sylvia’s mom*

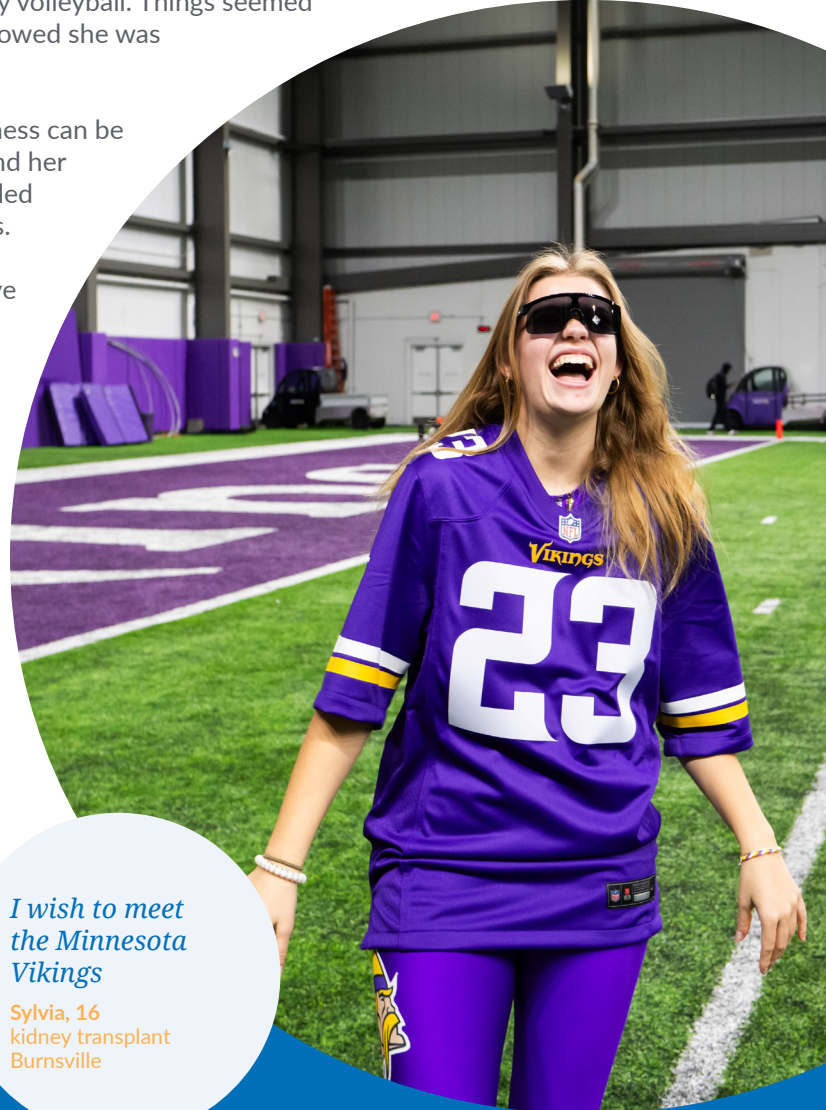

## SYLVIA’S WISH

Like most teenagers, Sylvia enjoys hanging out with friends and going for coffee. She also has a passion for volleyball and watching Minnesota Vikings games. “Before January 2022, our lives were normal,” said Sylvia’s mom, Jackie. “But when Sylvia fainted, we ended up in the emergency room and learned she was born with only one kidney which never fully formed.”

Sylvia was subsequently seen at Mayo Clinic and after many appointments, procedures and tests, was placed on the transplant list. She received a kidney transplant a few months later, which meant another long hospitalization. But she grew stronger and eventually returned home, and in the fall, Sylvia was well enough to go back to school and even play volleyball. Things seemed like they were returning to normal when a routine test showed she was rejecting her new kidney.

For many wish kids, the journey of living with a critical illness can be long and full of unexpected twists and turns. For Sylvia and her family, this sudden turn of events led to a difficult road filled with more tests, new findings and even more medications. But the experience of looking beyond treatment and thinking about a wish and joyful things to do together gave Sylvia and her family something positive to rally around. “Learning her wish was granted to meet the Minnesota Vikings was a game-changer and gave her something to look forward to,” Jackie shared.

Like many kids fighting a critical illness, Sylvia was experiencing a lot of anger from the blows of disappointment that came with each new diagnosis and her smiles were becoming less frequent. “From our first meeting [with Make-A-Wish Minnesota] when Sylvia began to dream of what her wish would be, I saw a twinkle in her eyes I hadn’t seen since before her initial hospitalization,” shared Jackie. “As we talked through what she might wish for, the smile she had made my heart happy. Then, seeing the smile she had the entire time she was with the Vikings organization was incredible! I hadn’t seen her that happy or smile like that since before her diagnosis.”

*I wish to meet  
the Minnesota  
Vikings*

# Life-changing Partner

For the past five years, Con-Tech Manufacturing auctions off two cement mixers raising over \$500k annually with the proceeds being gifted between seven Minnesota charities including Make-A-Wish Minnesota.

*I wish to have a reptile zoo*

**Boe, 13**  
neurodegenerative disorder  
Fairbault

For over 13 years, MISO employees have been giving back to Make-A-Wish Minnesota through employee giving and annually give nearly \$35k to support Minnesota wish kids.

# ships

Wishes like these would not be possible without support from our corporate partners.

Uncommon Retail, LLC annually gives back 10% of their revenue to support the community. In 2024, they sponsored three wishes. Their employees work hard and give back so that kids like Tianna, T.J., and Isaiah wishes will come true!

# Volunteer Spotlight

Make-A-Wish Minnesota could not grant more than 250 wishes annually without the time and dedication of our volunteers. As the backbone of our organization, volunteers help create hope every day for children with critical illnesses. Our volunteers help children determine their heartfelt wishes, are at the airport greeting families and deliver small gifts with messages of encouragement.

Diane Falken is a volunteer who regularly goes above and beyond, an indispensable resource to staff, and an inspiration and example to her fellow volunteers. A volunteer for 11 years, Diane has undertaken almost every volunteer position we have; not only has she completed 21 wishes (and is currently working on 3), but she has also volunteered at meet and greets, events, shopping sprees and more. Her vast experience is incredibly useful not only to fellow volunteers, but to new staff.

Diane first learned about Make-A-Wish in 2013 when a good friend asked her to attend Wish Ball. “We had a fun night learning about Make-A-Wish and both of us couldn’t stop thinking about it for weeks after. We knew we needed to get involved and now we are wish granters together,” Diane states.

Diane’s expertise most clearly shines through in her ongoing volunteer role as database support specialist, which has continued to be invaluable as we moved to a new database system. In addition to ongoing responsibilities such as tracking volunteer milestones and revising volunteer job assignments to more accurately reflect the time volunteers put in, Diane has created countless incredibly useful and specific reports for Volunteer Services. Thanks to Diane, we have much more trustworthy data to base present and future initiatives on.

Diane is also always happy to teach and to coach. She has met with Volunteer Services staff to talk about the quirks and roadblocks, has tested our efforts and offered guidance to solutions. She has brainstormed with us to think through how we use the database and the ripple effects that any proposed change may have on future users.

Not only is Diane an expert in the roles she takes on, but she is also willing to pitch in wherever needed. Where other volunteers might dive deep into one or two roles, Diane can always be counted on to help out whenever a need comes up, whether that be mailing out boosts from our toy closet, putting together picture frames the week before the Wish Ball, or setting up the room for a board meeting. This year she took on additional delivery driver responsibilities, including ferrying volunteer recruitment materials to the Bemidji and Duluth communities.

Advice Diane would give to new volunteers is, "Just have fun with it! There are so many different ways to volunteer with Make-A-Wish that if you find yourself in a rut, just try volunteering in a different opportunity. You may not know what you will find most rewarding until you try it!"

We are so grateful to have Diane on the Make-A-Wish Minnesota volunteer team. Her consistent expertise and efforts have a profound impact on the staff, the wish kids, and the organization as a whole. Thank you, Diane, for all you do!
