I wish to have a golf cart

Owen, 13
nervous system disorder
Otsego

Dear Wish Friends,

On behalf of our Board of Directors and staff, thank you for helping us to grant 242 lasting wishes this past fiscal year! Because of your generosity, kids and families in every part of Minnesota experienced hope, joy, and renewed strength during some of life's most difficult moments.

As a wish-granting volunteer myself, I have seen firsthand the profound power and hope a wish provides. This year, alongside fellow volunteer Angad Yadav, I had the honor of serving as a wish granter for Tommy, a 17-year-old who wished to be a professional soccer player. From the moment his family welcomed us into their lives, we were inspired by Tommy's tenacity and resilience as he faced cancer.

Tommy's wish was granted by the Minnesota United Football Club, where he signed a one-day contract. Watching him step onto the field with the team and score his first professional goal is an image that will forever be etched in my mind. Like so many wishes, Tommy's experience continues to have a ripple effect, impacting his family, community and everyone who witnessed his joy. Moments like this ground me and reaffirm why every child facing a critical illness needs to experience the transformational power of a wish.

Wishes are only possible because of the generosity of our donors, both who give financially as well as provide in-kind support or discounts. Thank you for partnering with us and entrusting us with your resources. With an average wish cost of \$12,000, half of which is supported through in-kind contributions, your investment makes a profound and lasting difference.

To our volunteers, you are the lifeblood of our organization, and we are deeply grateful for the time you invest in our mission. We also extend a sincere thanks to our board members including Scott Abersson, Jillian Klein, Glenn Karwoski, Karen Larson, Derek Nicoll and Jim Sheehan, who have completed their terms of service and have had a tremendous impact on our mission. In addition, we are proud to welcome our inaugural Wishmakers Council, whose very successful first year has set the stage for an exciting future.

As we look to the new year, we do so with optimism and purpose. To reach every eligible child, we need your continued partnership to raise awareness about our mission, to recruit volunteers statewide, and to grow financial and in-kind support to make sure we have the resources we need to make each wish possible.

Together, as the Make-A-Wish® Minnesota family, we will move toward granting even more wishes and providing much-needed hope and joy for all children and families facing critical illnesses throughout our state.

With gratitude,

David T. Sommer
Board Chair

Together,

we create life-changing wishes for children with critical illnesses.

Make-A-Wish Minnesota is a local chapter of a national organization that grants wishes for children battling critical illnesses throughout the entire state. Since the chapter began in 1982, with the help of generous donors, a network of over 400 volunteers and a dedicated 20 mission-driven staff, Make-A-Wish Minnesota has granted more than 7,000 life-changing wishes. Children with a life-threatening medical condition who have reached the age of 2½ and are younger than 18 at the time of referral are potentially eligible for a wish.

"Due to the child's severe illness, their childhood experience is altered from those of their peers. The wish experience allows them to have an opportunity that they may not otherwise get to have. It also allows them to have a moment of pure joy and takes them away from their reality of illness, hospitalizations, procedures, medical team, and pain."

Meghan Youngerberg, RN, MSN, CPN, CCRN
Referral Source, Make-A-Wish Minnesota
Pediatric Heart Transplant Coordinator
MHealth Fairview University of Minnesota Masonic Children's Hospital

“The wish experience is incredibly important to children undergoing a complex medical journey. These wish experiences give children something to look forward to when many of their days are challenging.”

Rebecca Ameduri, MD

Medical Advisor, Make-A-Wish Minnesota
Medical Director, Pediatric Heart Failure and Transplant
Consultant, Pediatric Cardiology
Mayo Clinic

INCIDENCE & PREVALENCE STUDY

For the first time in over a decade, Make-A-Wish has access to chapter-specific and national data on children who may be eligible for a wish, thanks to the 2025 Incidence & Prevalence Study.* This milestone research, funded by The John Dawson Foundation, provides locally relevant, nationally consistent data to help chapters close gaps in reaching and granting more life-changing wishes to children with critical illnesses.

The study’s primary goal is to identify the potential number of eligible children, both locally and nationally, who could benefit from a wish. The findings guide medical outreach strategies, help diversify the wish population, and enable chapters to benchmark and align resources to reach more children.

In FY24, the prevalence study showed that 472 children in Minnesota would have qualified for a wish, yet only 239 qualified referrals were received, meaning the chapter reached 45% of the potential wish-eligible population.

The greatest opportunities for growth are in cardiology, transplants, and pulmonology. The chapter is focusing outreach on automatically qualifying conditions to make the referral process easier for clinicians.

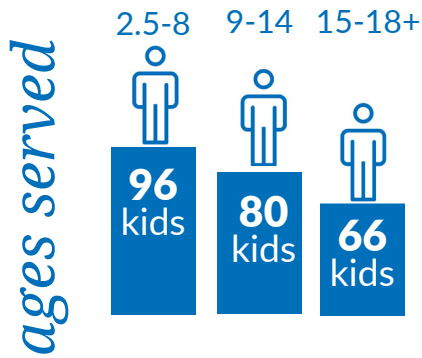

The chapter aims to use this information along with a new Medical Outreach Manager position in the coming year, with a long-term goal of reaching 300 children annually by 2028. To achieve this, outreach will expand to underserved communities and targeted specialties, and additional fundraising will be needed to support every eligible child.

This study marks a significant advancement in Make-A-Wish Minnesota’s ability to identify and reach every eligible child. By leveraging trusted health data and strategic outreach, the chapter is better equipped to grant transformational wishes and improve the quality of life for children facing critical illnesses in our state.

“Experiencing Cameron’s journey has shifted our perspective on what really matters in life, and how we want to prioritize our time and effort. As we’re often reminded, each day with Cameron is a gift.” - Robert, Cameron’s dad

CAMERON’S WISH

Cameron received a heart transplant as an infant, which was “an amazing gift that has given him life,” shared his dad, Robert. Since his heart transplant, Cameron, now 10, has faced all the medical encounters one would expect – countless appointments, frequent lab draws at home, and a handful of very serious illnesses due to his suppressed immune system.

“This made Cameron a tough and resilient kid, but it has also impacted him socially as he’s missed many special events over the years due to illnesses,” Robert shared. “Cameron’s condition has also allowed him to experience the incredible compassion and generosity that comes out of clinicians, friends, family and even known people who learn of his story.”

Despite the challenges from his condition, Cameron is first and foremost a kid who loves hockey. He’s an avid player and a devoted fan, especially of the Minnesota Wild. When he was referred to Make-A-Wish Minnesota, Cameron wished to meet the Minnesota Wild and his favorite player, Marc-André Fleury.

What followed was a wish day that exceeded every expectation, thanks to the generosity of the Minnesota Wild. Cameron began his wish day by signing a one-day contract to play for the Wild, officially becoming part of the team. He received a custom jersey with his name on it and found his own locker waiting for him right next to Fleury. Fully geared up, Cameron hit the ice to practice with the team and even enjoyed a one-on-one training session with Fleury. On game day, Cameron walked alongside every player and when asked who his favorite player was, he said, “Probably all of them.”

Cameron’s wish created a ripple effect, impacting not only his life, but also his community and everyone around him. Cameron had one of his best hockey games of the season following his wish day with the Wild and his solo training with Fleury. His teammates wanted to hear all about his experience and community members reached out to celebrate alongside him.

“Not a day has passed that Cameron’s day with the Wild hasn’t come up,” Robert shared. “Every aspect exceeded our expectations. Ultimately, it was the people that made the day from my perspective. Carleen (Make-A-Wish Minnesota Sr. Director of Program Services), the Wild Foundation, and the Wild players and staff gave Cameron so much time, attention, and love that day.”

Cameron’s journey has reshaped his family’s perspective on what truly matters. “As we are often reminded, each day with Cameron is a gift,” expressed Robert.

When Cameron reflected on his wish and the impact it had on him, he said, “I know what the players are really like because I got to spend so much time with all of them. When I watch the game, I feel like I know what they are like outside of hockey.”

He also shared that his wish experience “was really fun. I love the Wild even more now. I feel special that I got to do so many different things during my wish day.”

*I wish to meet the
Minnesota Wild*

Life-changing Partner

CASTLELAKE

For the past 12 years, Castlelake has been an exceptional partner in our mission to create life-changing wishes for children with critical illnesses. Castlelake's commitment is demonstrated through meaningful engagement at every level through staff representation on our Board of Directors and Wishmakers Council, and generous sponsorships for Wish Ball, the Sun Country Airplane Pull and Walk For Wishes. In total, Castlelake donated \$23,000 in FY25.

This year, they contributed in another impactful way by sponsoring a wish for Dylan who wished to go to Super Nintendo World at Universal Epic Universe. They kicked off his wish with a Mario Kart-themed wish reveal hosted at their office with a team member dressed as Mario and his favorite treats to make it unforgettable. Castlelake's generosity and compassion make a meaningful difference for kids like Dylan, and we are truly thankful for their support.

CHANNELING WISHES

For the past 3 years, Back Channel Brewing has partnered with Make-A-Wish Minnesota volunteer, Chad Warner and our Wishmakers Council (Junior Board), to bring joy to local wish kids. Warner, who grew up in Minnesota and now resides in Arizona, initially became involved with Make-A-Wish Arizona. Wanting to extend his charitable impact to his home state, he reached out to his close friends at Back Channel Brewing and together they created Channeling Wishes. This fun, family-friendly event has raised over \$85,000 for Make-A-Wish Minnesota, helping grant seven life-changing wishes so far, with more on the way. Looking ahead to 2026, they hope to raise enough funds to grant three wishes!

Be sure to mark your calendar for this year's Channeling Wishes event on July 2 at Back Channel Brewing in Spring Park, MN. You don't want to miss out on this evening of community, celebration and impact. The generosity and dedication behind Channeling Wishes continue to create hope and unforgettable moments for wish kids and their families.

“Dylan is a super friendly and outgoing kiddo who spreads joy everywhere he goes and his parents just want him to have an experience that will share that joy and allow him to experience it himself.” - Dylan’s wish granters

ships

Wishes would not be possible without support from our generous partners.

LIBERTY DIVERSIFIED INTERNATIONAL

Liberty Diversified International (LDI) has been a key partner of Make-A-Wish Minnesota since 2006. In FY25, LDI donated over \$40,000 through sponsorships that supported Wish Ball, Walk For Wishes and two Minnesota wishes. The two wish sponsorships were made possible through the generosity of LDI employees, internal fundraisers, and company support. One of the wish sponsorships helped grant a wish for Oakley, age 5, who wished to go to the *Walt Disney World® Resort*. Oakley experienced the joy of his wish alongside his older brother, younger sister, and parents. We are deeply grateful for LDI's support, which makes life-changing wishes like Oakley's possible.

MINNESOTA VIKINGS

With the support of Make-A-Wish Minnesota, the Minnesota Vikings helped grant 10 wishes in FY25, creating unforgettable experiences for wish kids who dreamed of meeting their favorite players and cheering on the purple and gold at a game. From Griddy competitions to Skol chants, the Vikings consistently go above and beyond to make each wish truly special. A proud partner of Make-A-Wish Minnesota since 1988, the Minnesota Vikings have made a lasting impact through their generosity.

In addition to supporting individual wishes, the organization has financially supported events over the years. In FY25 alone, the Vikings contributed more than \$18,500 to help grant wishes for children across Minnesota. We are incredibly thankful for the Minnesota Vikings' decades-long commitment to wish kids and families. We couldn't do this work without their continued generous support. Thank you, Vikings!

Volunteer Spotlight

Maria first discovered volunteer opportunities with Make-A-Wish Minnesota through social media during a very difficult season of her life. After losing her husband to cancer, she knew she wanted to give her time to something that truly mattered and would make a difference. In December of 2023, Maria completed wish granter training, and just one month later signed up for her first wish. That first step quickly grew into a deep and ongoing commitment. Since then, Maria has helped to grant eight wishes, served as an airport greeter, supported events ranging from volunteer recruitment fairs to fundraisers, and even assisted with advance testing of our new Volunteer Hub.

Based in the Mankato area, Maria plays a vital role in recruiting additional volunteers across southwest Minnesota. As a Spanish speaker, she has been integral in recruiting bilingual volunteers, including a volunteer recruitment presence at Mankato Day of the Dead. Maria also operates a local toy closet, making it easier for volunteers in the area to access wish-boost items that deliver moments of joy to wish kids in the region.

For Maria, the joy of volunteering with Make-A-Wish Minnesota comes from the connections she builds with wish children and their families. “Meeting the wish child and their family and seeing their smiles when we come to visit – that’s the most rewarding part,” she shared. “It’s fun how kids warm up and start engaging with us, whether they are verbal or nonverbal.”

Maria's passion for this work is deeply rooted in her own experience as a caregiver. When her husband was battling cancer, she witnessed firsthand the powerful impact a lifelong dream come true can have on someone battling a critical illness.

"Constant medical appointments and treatments were exhausting for him and the whole family," Maria reflected. "When we made the decision to get his dream car the last few months before his passing, he forgot what he was going through. Seeing his smile and even burst of energy was all worth it."

Today, Maria helps create that same sense of hope, joy and relief for local wish children and their families. Through her compassion and dedication, she is helping create moments that allow kids to forget their illness, even if just for a moment, and in doing so is making an extraordinary difference, one wish at a time.
