Make-A-Wish® Massachusetts and Rhode Island

Our Mission and Vision

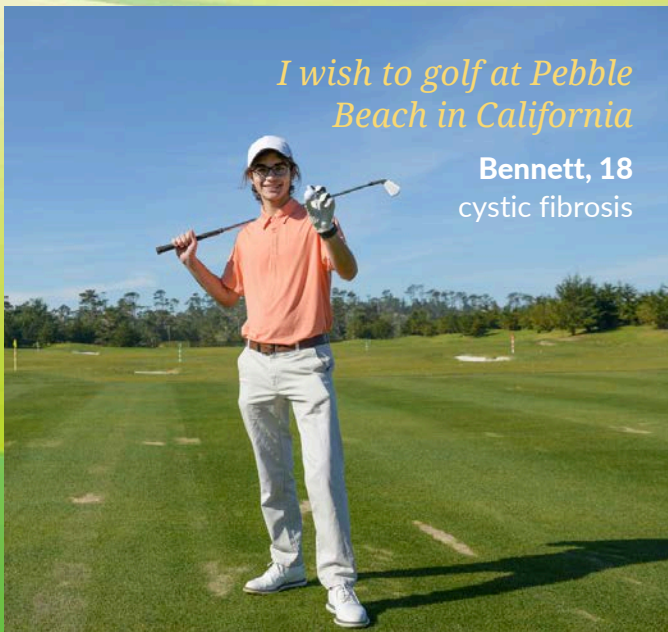

Make-A-Wish Massachusetts and Rhode Island creates life-changing wishes for children with critical illnesses. We are dedicated to making every eligible child's wish come true.

The Impact

A wish has a meaningful, lasting impact on a wish child, their family, and all those involved in granting it. Research shows that wishes have proven physical and emotional benefits that can give a child better health outcomes and increase their chances for survival. The experience of having a wish granted enables a child to imagine a future that is bright and provides motivation and hope when they need it most.

The Need

We currently have over 650 eligible children waiting for a wish. The average cost of a wish is rising, and we need the support of individuals like you to achieve our vision. Thanks to the generous support of our sponsors, golfers, and evening reception attendees, our goal is to grant the wishes of five local children with the funds raised through this event.
