Every day, children in our community face the challenges of a critical illness. Make-A-Wish helps bring strength and joy to these kids through life-changing wishes that replace fear with confidence and anxiety with hope.

Research shows that wishes can positively impact a child's emotional well-being and help them build resilience during treatment. By supporting Trivia & Treats for Wishes, you're helping make wishes come true for local children and families when they need it most.

Sponsor today and bring hope to local children and families!

Put simply, we believe a single wish transforms lives.
