INDEPENDENT AUDITORS' REPORT

Board of Directors
Make-A-Wish Foundation® of Massachusetts and Rhode Island, Inc.
Boston, Massachusetts

We have audited the accompanying financial statements of Make-A-Wish Foundation® of Massachusetts and Rhode Island, Inc., which comprise the statements of financial position as of August 31, 2020 and 2019 and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors
Make-A-Wish Foundation® of Massachusetts and Rhode Island, Inc.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Make-A-Wish Foundation® of Massachusetts and Rhode Island, Inc., as of August 31, 2020 and 2019, and change in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 AND 2019

NOTE 1 ORGANIZATION

Make-A-Wish Foundation® of Massachusetts and Rhode Island, Inc. (the Foundation) is a Massachusetts nonprofit corporation, organized for the purpose of creating life changing wishes for children with critical illnesses. The Foundation is an independently operating chapter of Make-A-Wish Foundation® of America (National Organization), which develops and implement national programs in public relations and fundraising for the benefit of all local chapters. To be a Make-A-Wish chapter, the local chapter is obligated to comply with a chapter agreement with the National Organization and such guidelines, resolutions, and policies as may be adopted by the National Organization's board of directors.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Foundation are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) applicable to nonprofit entities.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Investments

Investments are recorded at fair value. Investment income, including gains and losses on investments, is recorded as increases or decreases in net assets without donor restrictions unless its use is limited by donor-imposed restrictions or law.

The Foundation's investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that those changes in the values of investments will occur in the near term and that such changes could be material to the amounts reported in the statements of financial position.

Contributions Receivable

Contributions receivable are unconditional promises to give. Such promises that are expected to be collected within one year are recorded at expected net realizable value when the promise is received. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. Contributions receivable are discounted using fair value rates and contributions are written off when deemed uncollectible.

MAKE-A-WISH FOUNDATION® OF MASSACHUSETTS AND RHODE ISLAND, INC.
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 AND 2019

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment, Net

Property and equipment having a unit cost greater than \$1,000 and a useful life of more than one year are capitalized at cost when purchased. Donated assets are capitalized at the estimated fair value at the date of receipt and restrictions are released once the asset has been placed into service. Depreciation on property and equipment is provided on a straight-line basis over the estimated useful lives of the assets, generally 5 to 10 years. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are expensed as incurred.

Fair Value Measurements

Fair value measurements of financial assets and financial liabilities and fair value measurements of nonfinancial items are recognized or disclosed at fair value in the financial statements on a recurring basis. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Foundation utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The Foundation determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

Level 1 – Unadjusted quoted prices in active markets for identical assets (or liabilities) that the reporting entity has the ability to access at the measurement date.

Level 2 – Prices for a similar asset (or liability), other than quoted prices included in Level 1 inputs, that are observable for the asset (or liability), either directly or indirectly. If the asset (or liability) has a specified term, a Level 2 input must be observable for substantially the full term of the asset (or liability).

Level 3 – Unobservable inputs for the asset (or liability) used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset (or liability) at measurement date.

See additional information in Note 4.

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 AND 2019

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor- or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a board-designated endowment.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as restricted revenue when received and released from restrictions when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Contributions restricted by donors are reported as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as Net Assets Released from Restrictions.

Operations

The statement of activities reports the change in net assets from operating and nonoperating activities. Operating activities consist of those items attributed to public support, special events less direct benefit costs, and related expenses for program services and support services for the purpose of granting wishes to children with life-threatening medical conditions.

Income and realized and unrealized gains and losses from investments, net of appropriation and other items not related to the Foundation's operations are reported as nonoperating activities.

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 AND 2019

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Unconditional promises to give are recognized initially at fair value as contributions revenue in the period such promises are made by donors. Fair value is estimated giving consideration to anticipated future cash receipts (after allowance is made for uncollectible contributions) and discounting such amounts at a risk-adjusted rate commensurate with the duration of the donor's payment plan. Amortization of the discounts is recorded as additional contributions.

Conditional promises to give are not recognized as contribution revenue and receivables until the conditions have been substantially met. For the years ended August 31, 2020 and 2019 there were no conditional promises outstanding.

Contributions of assets other than cash are recorded at their estimated fair value. Contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

The Foundation received in-kind contributions of assets and services and materials that are reported in the statements of activities as follows:

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

An internal special event is a fundraising event coordinated and staffed by Foundation personnel rather than a third-party support group or organization. It is designed to attract people for the purpose of raising mission awareness, for increasing funding from existing donors, and the cultivation of future donors. Internal special event in-kind amounts are donated items recorded at fair value that are used in facilitating the event. Examples of such donated items are generally food, beverage, facility costs, and auction items.

Advertising and media is used to help the Foundation communicate its message or mission and includes fund raising materials, informational material, or advertising, and may be in the form of an audio or video tape of a public service announcement, a layout for a newspaper, media time or space for public service announcements, or other purposes.

Donated advertising and media is reported as contribution revenue and fundraising expense when received and the reporting of such contributions is unaffected by whether the Foundation could afford to purchase or would have purchased the assets at their fair value.

Income Taxes

The Foundation is a nonprofit organization exempt from federal income taxes under the provisions of Internal Revenue Code (IRC) Section 501(c)(3) and state income taxes of the Massachusetts Department of Revenue Taxation Code and state of Rhode Island Division of Taxation. However, the Foundation remains subject to income taxes on any net income that is derived from a trade or business, regularly carried on and not in furtherance of the purpose for which it was granted exemption.

No income tax provision has been recorded as the net income, if any, from any unrelated trade or business, in the opinion of management, is not material to the financial statements taken as a whole. Management believes that no uncertain tax positions exist for the Foundation at August 31, 2020 and 2019. The Foundation files income tax returns in the U.S. federal jurisdiction, and applicable state jurisdictions.

Functional Expenses

The Foundation performs four functions: wish granting, program-related support, fundraising, and management and general. Definitions of these functions are as follows:

Wish Granting

Activities performed by the Foundation that grant wishes to children with critical illnesses.

Program-Related Support

Activities performed by the Foundation related to the wish program including the identification of wish candidates and the determination and delivery of each wish. Specific activities include, but are not limited to, the development of wish resources, handling of wish referrals, and administration of the wish program.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Expenses (Continued)

Fundraising

Activities performed by the Foundation to generate funds and/or resources to support its programs and operations. During the fiscal years ended August 31, 2020 and 2019, the Foundation incurred joint costs for activities that include fundraising appeals (primarily direct mail campaigns and newsletters), which have been allocated as follows:

	2020	2019
Fundraising	\$ 6,009	\$ 3,765
Wish Granting	6,009	3,765
Total	<u>\$ 12,018</u>	<u>\$ 7,530</u>

Management and General

All costs not identifiable with a single program or fundraising activities, but indispensable to the conduct of such programs and activities and to the Foundation's existence, are included as management and general expenses. This includes expenses for the overall direction of the Foundation, business management, general recordkeeping, budgeting, and financial reporting.

Expenses that benefit more than one function of the Foundation, such as rent, supplies, and equipment, are allocated among the functions based generally on the amount of time spent by employees on each function.

Deferred Rent

The Foundation accounts for rent expense evenly over the term of the lease using the straight-line method. The unamortized deferred rent was \$133,543 and \$80,109, respectively, at August 31, 2020 and 2019.

Management Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Change in Accounting Principle

In June 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-08, *Not-for-Profit Entities* (Topic 958) – *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The update clarifies and improves the scope and the accounting guidance for contributions received and contributions made. The amendments in the update assist entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, *Not-for-Profit Entities*, or as exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional.

NOTE 3 LIQUIDITY AND AVAILABILITY

The Foundation monitors liquidity regularly through the quarterly financial package provided to the board and through the enterprise-wide Benchmarks of Excellence. Holding six months to twenty-four months of liquidity is considered excellent based off the enterprise-wide published scale.

	<u>2020</u>	<u>2019</u>

Financial assets include cash and cash equivalents, investments, due from related entities, contributions receivable, and investments held for long-term purposes. For purposes of analyzing resources available to meet general expenditures over one year, the Foundation considers all expenditures related to its ongoing program activities, as well as the functions in support of those activities, to be general expenditures.

Our endowment funds consist of donor-restricted endowments and funds designated by the board as endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of the amounts available for general use. Donor-restricted endowment funds are not available for general expenditure.

NOTE 4 FAIR VALUE MEASUREMENTS

Fair Value of Financial Instruments

Fair value is defined as the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Financial Instruments (Continued)

The fair values of the financial instruments shown in the following table as of August 31, 2020 and 2019, represent the amounts that would be received to sell those assets or that would be paid to transfer those liabilities in an orderly transaction between market participants at that date. Those fair value measurements maximize the use of observable inputs. However, in situations where there is little, if any, market activity for the asset or liability at the measurement date, the fair value measurement reflects the Foundation's own judgments about the assumptions that market participants would use in pricing the asset or liability.

Those judgments are developed by the Foundation based on the best information available in the circumstances, including expected cash flows and appropriately risk-adjusted discount rates, and available observable and unobservable inputs.

Overall Investment Objective

The overall investment objective of the Foundation is to invest its assets in a prudent manner that will achieve a long-term rate of return sufficient to fund a portion of its annual operating activities and increase investment value after inflation. The Foundation diversifies its investments among various asset classes incorporating multiple strategies and managers. Major investment decisions are authorized by the board's investment committee, which oversees the Foundation's investment program in accordance with guidelines established by the board of directors.

Fair Value Hierarchy

Investments in certain entities that are measured at fair value using NAV per share as a practical expedient are as follows at August 31, 2020:

The National Organization conducts national fundraising efforts for which cash and in-kind donations are received and shared with the Foundation. These funds represent revenues associated with: distributions from national partners, individual donation amounts collected online and through the mail, amounts for internal grants, travel and training scholarships, and other miscellaneous revenues. During the years ended August 31, 2020 and 2019, respectively, the Foundation received \$1,074,680 and \$1,165,875 from these national revenue streams.

As part of the National Organization's Wish Fulfillment Fund, chapters may apply for funds that have been donated by other chapters to underwrite the cost of wishes. Under this program, the Foundation contributed \$100,000 and \$-0- during the years ended August 31, 2020 and 2019, respectively.

The Foundation also pays amounts to the National Organization for chapter dues, insurance, and other miscellaneous ancillary expenses that the National Organization pays on behalf of the Foundation. Amounts totaling \$548,985 and \$387,434 were paid from the Foundation to the National Organization during the years ended August 31, 2020 and 2019, respectively.

Chapters who assist with the organization and granting of wishes from other chapters are paid a "fee for service" called the wish assist fee. Under this program, the originating chapter agrees to pay a fee to the chapter of the wish destination to assist with any planning, booking, and facilitating of the wish for the home chapter. Under this program, the Foundation received \$4,550 and \$13,800, respectively, for the years ended August 31, 2020 and 2019, which is recorded in the accompanying statements of activities as other income.

Amounts due from and to related entities at August 31, 2020 and 2019 are as follows:

NOTE 10 ENDOWMENTS

The Foundation is subject to the enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) and is required to make disclosures about endowment funds, both donor-restricted endowment funds and board-designated endowment funds.

The Foundation's endowment consists of several individual funds established for a variety of purposes including both donor-restricted endowment funds and funds designated by the board of directors to function as endowments. Net assets associated with endowment funds, including funds designated by the board of directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. Endowment assets, both donor-restricted and board-designated, are reflected as investments on the statements of financial position.

NOTE 10 ENDOWMENTS (CONTINUED)

Interpretation of Relevant Law

The board of directors of the Foundation has interpreted the Massachusetts UPMIFA as requiring preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as donor-restricted net assets: (a) the original value of gifts donated to the donor-restricted endowment, (b) the original value of subsequent gifts to the donor-restricted endowment, and (c) accumulated earnings on the donor-restricted endowment funds. The accumulated earnings on the endowment funds remain treated as donor-restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the Foundation and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Foundation
- The investment policies of the Foundation

Endowment fund composition by type of fund as of August 31, 2020 and 2019 is as follows:

Fund Deficiencies

From time-to-time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. Such deficiencies can result from unfavorable market fluctuations that occurred shortly after the investment of new donor restricted contributions and continued appropriation for certain programs that was deemed prudent by the board of directors. There were no such deficiencies as of August 31, 2020 and 2019.

MAKE-A-WISH FOUNDATION® OF MASSACHUSETTS AND RHODE ISLAND, INC.
NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 AND 2019

NOTE 10 ENDOWMENTS (CONTINUED)

Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding programs supported by its endowment fund while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index while assuming a moderate level of investment risk. The Foundation expects its endowment funds, over time, to exceed an average rate of return of approximately 4% annually. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation has a policy of appropriating for distribution each year within a range of 4% to 6% of its endowment fund's average fair value over the prior three years through the calendar year-end preceding the fiscal year in which the distribution is planned. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to grow at an average rate greater than 4% annually, prior to the 4% to 6% appropriation for distribution previously noted. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

NOTE 11 RETIREMENT PLAN

The Foundation has a defined contribution retirement plan (the Plan). Employees are eligible for participation in the Plan as of their date of hire. Under the provisions of the Plan, eligible employees may elect to defer a percentage of their salary subject to certain IRC limitations. Eligible employees who have been employed with the Foundation for one year or more are eligible to receive an employer contribution to their 403(b) account. As of August 31, 2020 and 2019, the Foundation contributes up to 5% and 4%, respectively, of the employee's salary, per board discretion. Foundation contributions to the Plan for the years ended August 31, 2020 and 2019 were \$81,503 and \$55,167, respectively.

NOTES TO FINANCIAL STATEMENTS
AUGUST 31, 2020 AND 2019

NOTE 12 CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Foundation to concentration of credit risk consist principally of cash, cash equivalents, and investments. The Foundation places its cash and investments with high credit quality financial institutions and generally limits the amount of credit exposure not to exceed the FDIC insurance coverage limit of \$250,000. From time-to-time throughout the year, the Foundation's cash balances may exceed the amount of the FDIC insurance coverage.

In-kind contributions totaling \$388,805 and \$1,249,502 were received from a single donor for the years ended August 31, 2020 and 2019, respectively, which represents 8% and 16% of total public support, respectively. Contributions totaling \$680,384 and \$730,759 were received from a single donor for the years ended August 31, 2020 and 2019, which represents 13% and 9% of total public support, respectively. Should these contribution levels decrease, the Foundation may be adversely affected.

NOTE 13 LITIGATION AND CLAIMS

The Foundation is periodically involved in litigation and claims arising in the ordinary course of business. In the opinion of management, there is no pending litigation that would have a material adverse effect on the Foundation's financial position, change in net assets, or liquidity.

NOTE 14 COMMITMENTS

The goal of the Foundation is to grant the wish of every eligible child. During the fiscal years ended August 31, 2020 and 2019, the Foundation granted 239 and 407 wishes, respectively. As of August 31, 2020 and 2019, there were approximately 520 and 500, respectively, wish children who have qualified for a wish. The Foundation will work with the families to schedule each child's wish as it works with the child and families' schedule and the child's medical needs. The average cost of a wish for the year ended August 31, 2020 was \$6,032 in cash and \$4,176 in in-kind for a total cost of \$10,208. The average cost of a wish for the year ended August 31, 2019 as \$5,960 in cash and \$6,129 in in-kind for a total cost of \$12,089.

NOTE 15 RISKS AND UNCERTAINTIES

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) began on March 10, 2020, in conjunction with the Make-A-Wish America National Medical Advisory Council, Make-A-Wish America issued instructions to pause travel and large gathering wishes until deemed medically safe for our vulnerable population and their families. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic.

As of August 31, 2020, with only a few local exceptions, travel wishes are still paused. Over the past 3 years, travel wishes have been approximately 72% of wishes granted and the number of granted wishes averaged approximately 347. The number of wishes granted in the current year was 239.

In addition to the impact on travel and large gathering wishes, the Foundation has also cancelled or converted fundraising events to virtual events. The Foundation continues to evaluate all expenses and fundraising efforts in light of the impact of COVID-19. National efforts are underway to return to wish granting and fundraising efforts when it is deemed medically safe.

From an operational perspective, the Foundation's office closed and transitioned the staff to work from home as of March 16, 2020. The office has been partially opened. Temporary internal control policies were written to accommodate for the closure.

NOTE 16 PAYCHECK PROTECTION PROGRAM

The Foundation applied for and was approved a \$438,900 loan under the Paycheck Protection Program created as part of the relief efforts related to COVID-19 and administered by the Small Business Administration. The loan was received on April 20, 2020. The loan accrues interest at 1%, but payments are not required to begin for six months after the funding of the loan. The Foundation is eligible for loan forgiveness of up to 100% of the loan, upon meeting certain requirements. The loan is uncollateralized and is fully guaranteed by the federal government. The repayment schedule is below.

<u>Year Ending August 31,</u>	<u>Amount</u>
2021	\$ 243,833
2022	195,067
Total	<u><u>\$ 438,900</u></u>

NOTE 17 SUBSEQUENT EVENTS

The Foundation has evaluated subsequent events from the statement of financial position date through January 6, 2021, the date at which the financial statements were available to be issued.
